St. Patrick Parish 2018 Summer Park Play Dates

Park Socials - We have chosen various parks in the area so the kids can run around and play and the moms can chat! Come to all that your schedule will allow and feel free to invite a friend.

We chose parks that are suitable for toddlers through high school aged kids. All of these parks have a playground and picnic area. The older kids can enjoy either a baseball field, fishing, basketball court or an open space for them to run around. A complete listing of all the parks and what they offer is available on-line through the Yorkville Parks & Recreation website. All park socials are in Yorkville. Park social will be canceled in inclement weather.
