### *You Are Invited!*

We are happy to share updated information on the 2.0 Version of the *Transforming Lives: Advancing God's Vision* Capital Campaign! Please join us for one of the campaign receptions where our new architects and building team will take you through the new and exciting changes to our planned parish center addition and renovation project!

#### **Reception Dates and Times:**

Wednesday, March 26<sup>th</sup> 7PM

Thursday, March 27<sup>th</sup> Noon

Thursday, April 3<sup>rd</sup> Noon and 7PM

The receptions will be held in our parish center where refreshments will also be provided.

What NEW changes should you expect to see in our planned addition and renovation project?

- A 2-story addition with a basement that complements the existing campus.
- A sky lit narthex extension to be used as an expanded entrance and gathering space into the newly renovated parish center.
- New, functional indoor and outdoor spaces, which can be used for everyday activities and special events.
- Outdoor patio area near the kitchen for gathering and outside cooking.
- A decorative path from the church to the St. Gianna shrine.
- Additional parking spaces in the east parking lot.
- And more!

Dear Brothers and Sisters,

Thank you to all who are supporting our *Transforming Lives: Advancing God's Vision Capital Campaign*. This campaign will see the addition, expansion, and modernization of the current parish center, creating an inviting and welcoming space to meet and greet each other, and share in fellowship. It will also address our current and future needs with more office space for staff and clergy, and meeting space for the many ministries supporting the parish and its mission. Your support through your prayers and financial donations and pledges are humbly acknowledged and greatly appreciated.

The campaign project, while it was launched in 2024, is being re-presented now in a "2.0" version – one that reflects the feedback that we had received after presenting the initial version to parishioners. A series of events happened after the initial presentation to parishioners. We formed a building team comprised predominantly of construction professionals, along with parishioners in the legal and architectural arenas. The building team then sought alternative designs for our space, conducting many interviews and tours of the space with several architectural firms. Once concluded, the building team recommended a new architectural firm whose design, in meeting the needs of the parish, was felt to be superior to the others. Subsequently, both the Parish Pastoral and Finance Councils confirmed their support of the recommendation.

At this point we want to share the new and improved floor plans and rendering of the campaign project. There are new plans to open up the narthex to provide hospitality space into the parish center and add a walkway to the St. Gianna shrine from the church – so the 2.0 version expands beyond just the parish center addition and renovation. This is a God-sized dream that will serve our current needs, as well as provide for future generations. Just as our past and current parishioners built our parish center and church with generous hearts, so should we prayerfully consider our legacy to this project.

Please join us for one of the campaign receptions so you can see the exciting plans we have in mind for your family, as well as future generations of your family. Also, pray for the success of the Capital Campaign and to discern your part in God's design for this project.

Jesus, I trust in you,

Fr. Matt
